Alloro Green paintwork

This is one of just 30 Morgan Plus Six Pinnacles worldwide, commemorating the end of production of the Plus Six model, which ceased at the start of 2025. The Plus Six is powered by BMW's legendary B58 engine – an inline six cylinder, paired to an 8-speed automatic transmission that works in tandem to produce 335bhp. Thanks to the Morgan's inherent lightness (weighing in at just over 1,100kg), 0-62 mph takes just 4.2 seconds.
